Robin Coste Lewis, poet: When I was a little girl we didn’t get to read books by people of color ever in my school. So, my parents supplemented my very skewed curriculum with books by black poets and Latino poets. And when I saw Margaret Walker’s poem, “For My People,” turning English into a tool of resistance, and beauty, most of all beauty, it changed my whole world.

I began to look at English and my body as an aesthetic tool and a political tool. And I didn’t know ... we had permission as oppressed peoples to adore our own bodies.

Poetry taught me how to do that.
